Mrs. R. S. Christopher Passes Away

Mrs. R. S. Christopher died at Spout Spring Sunday after a lingering illness for more than a year's duration. She was taken very much worse Friday and continued to sink until the end came.

Burial Monday at Jackson's Chapel with funeral remarks by the Rev. M. C. VanCleve.

Besides her husband she is survived by three children, Lounie 15, Mary and Roger younger children. Also by her father, Luther Martin, who lived with her.

A large circle of friends deeply sympathize with Mr. Christopher and his children in the loss of their dear companion and mother.

The Picnic A Success

The picnic given Saturday by the Odd Fellows was a decided success in every particular. A large crowd was present and all enjoyed themselves very much. The crowd was orderly throughout the whole day. But very little drinking on the grounds. Every one here seemed bent on having a day of pleasure and they had it. The Odd Fellows never fail to succeed at their undertakings and the picnic Saturday was no exception.

Dog Days Bring Light Showers

Dog days were ushered in Monday with a light shower of rain in the late afternoon. In some sections a good rain fell. Enough fell during the day to encourage those who believe in the signs that we have more seasonable weather for the next forty days, the entire period of dog days.

\$2.00 Reward for Lost Camera

There was temporarily left in some machine on the picnic grounds in Clay City Saturday, July 23 one Conley camera 3 1/2 x 4 1/4 with one reel of exposed films. When looked for the machine was gone with the camera. Finder will please return to Times office and receive \$2.00 reward.

Profitable Pullet

Mrs. F. G. Conlee, of this city, has a pullet which is but few days more than five months old that has begun laying. The pullet is a mixed breed, and comes from Mrs. Conlee's regular flock, all of which are good layers and splendid all around chickens.

Protracted Services to Be

Held at Christian Church

Protracted services will begin at the Christian Church August 4th and last for ten days or two weeks. Elder C. E. French, of Virginia, Ill., a native of Powell county, will assist Pastor H. S. Early in the services.

Getting No Better

To increase the burdens of the high cost of living and low cost of earnings, flour, sugar, meat and lard have recently advanced in price considerably. Worse and worse times are yet ahead, we hear them say.

Educational Facts on Shale

(Continued from last week.)

Let us see now what the Marine Life and embryonic vegetation left in the Devonian 'mud' for our use today.

The only way to determine this is by chemical analysis and in a sample blasted from one of the cliffs on upper Ft. Flick Creek the Pittsburg Testing Laboratory finds the following:

Silica	36.32%
Alumina	11.60
Iron Oxide	2.00
Titanium Oxide	.40
Calcium Oxide	5.72
Magnesium Oxide	3.82
Sulphur	2.01
Potash	2.91
Soda	1.30
Nitrogen	1.21
Volatile Matter and loss on Distillation	32.71

Total.....100.00%

This volatile matter and loss on distillation, represents the vapors which are driven off in the commercial treating process: the gases of which combine as explained in the first article to make the Crude Oil, the Ammonia Liquor and the Flammable Gases which are not converted into liquids at ordinary temperatures and pressures.

These three important products will be referred to later as Oil, Ammonia Water and Non-Condensable Gases. Together with the Potash they form the crude, remarkable products to be obtained from Shale treatment and the fuel necessary for the power and steam used in the treatment.

The question arises here as to the uniformity of the Shale. That is, does the Shale at all points contain the same amount of commercial products per ton?

The best answer to this is shown by the results obtained from Shale from separate points and analyzed by different laboratories.

The Nitrogen is the source of the Ammonia and as this together with the Potash forms two of the principal products we will take their figures for comparison.

One sample was taken, as has been stated from Ft. Flick and sent to Pittsburg, the other was taken from the quarry on the Black Creek Road near Red river, at the western edge of the property formerly belonging to Mr. Otis Powell and sent to the Detroit Testing Laboratory to be analyzed.

Pittsburg got from its sample:	
Nitrogen	1.21
Potash	2.91
while Detroit obtained:	
Nitrogen	1.26
Potash	2.94

showing a difference of only five hundredths of one per cent in the nitrogen content and three hundredths of one per cent in the Potash determination.

These figures prove conclusively that the deposit in question runs absolutely uniform at different depths, for these sampling points are easily a mile and a quarter apart with a sea level difference of well over eighty feet.

If the same laboratory had re-

checked its analysis on the same piece of Shale, it is doubtful if the final results of that checking would be more nearly the same than those achieved by the two laboratories on their respective specimens.

In addition to these two tests, many have been made by different engineering schools and laboratories from Shale at other points with amazingly uniform results.

MORE STRONG TALK FOR WILL BAXTER

Jessamine Paper Again Vigorously Recommends Him To Democrats of District

Those Jessamine county Democrats evidently believe in Will Baxter mighty strong, the way they are talking about his candidacy for Commonwealth's Attorney which comes up in the Democratic primary on August 6.

Anyway Sandy Bluff, the political editor of the Nicholasville News had some mighty nice things to say about Mr. Baxter and his candidacy the other day, which will undoubtedly be of interest to the voters of Powell county and the entire district, touching as he does on several of the most important questions which are involved in this race. Here's what he said in the Nicholasville paper:

In accordance with natural consequences and by the teachings of democracy, it is, fellow citizens, nothing more than patriotism mixed up with the Golden Rule, to consider our neighbor and brother, W. J. Baxter, who is a candidate for Commonwealth's Attorney, very earnestly and thoughtfully. If the Twenty-second Judicial District ever expects to tear loose from the old traditional order of re-electing the same man continuously for a quarter of a century surely now is the time to plunge in and reverse this improper, unsafe and undemocratic system of government. It is not good policy, neither is it a square deal, to feather one's nest continuously without giving some other worthy, ambitious and capable man an opportunity to acquire legal experience and thus fit himself to serve his country and people more efficiently in broader fields of law and civil government. William J. Baxter is a product of Jessamine county and bears an honorable business reputation throughout the county and is a most pleasant dignified and courteous gentleman in every respect. Therefore we are advising the voters of Jessamine to be considerate, unselfish and loyal in this matter and are introduced to the excellent citizens of Powell, Clark and Madison counties a choice and noble citizen, an unsullied and working democrat, fearless officer and a capable and successful lawyer, who is desirous and ambitious to serve the people of this district in the capacity of Commonwealth's Attorney. When you vote for Baxter you will be performing a duty as essential to good government as prayer is to christianity. It

Miss Mary Nelson will leave Saturday for Cincinnati, where she will observe the fall millinery styles and make selections for the store of Mountz & Nelson.

Dr. Irvin reports the birth of a son to Mr. and Mrs. Roscoe Bowman at Waltersville Wednesday, July 26th.

J. C. Fitch, of Lexington, general manager of the K. U. Land Co., was transacting business here last Friday.

We read with pleasure what one of our correspondents had to say against swearing or taking God's name in vain which is one of the outstanding and most committed sins of the day. The young generation seems to think the one that can swear the most vicious, be the most impolite to the aged, get into a congregation speak of his father as the old man, or Governor, his mother as the old lady, and a cigarette in one corner of his mouth, puff the smoke into the face of some giggling girl that he is a very very important piece of humanity. But he little realizes that in so doing he shortens his days upon this earth and has a promise of a home in a place where torment never ceases, and when girls get particular and demand respect they will be respected and our boys will be better, but as long as our girls think of nothing but pretty dresses, a pair of high heel shoes so they can walk deformed and think of nothing only to attract the attention of the men we will get just such results as we see every day. Therefore it is best to honor thy father and thy mother that thy days may be long upon the land which thy Lord thy God giveth thee

Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Blufford, Ill., got rid of her ills. "During . . . I was awfully weak . . . My pains were terrific. I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach . . . I simply felt as if life was for but a short time. My husband was worried . . . One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

Tired Out?

Do you know that languidness, that "awful tired feeling," heaviness, lame or weak back, sore muscles, stiff or swollen joints, rheumatic pains, lumbago, in the great majority of cases, indicate kidney trouble?

Foley Kidney Pills

act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to a healthy condition.

Mrs. Robert Blair, 461 S. 20th Street, Terre Haute, Ind., writes: "I suffered two years with kidney and bladder trouble frequently getting backache. Mornings I would arise feeling very tired and having headaches, and see floating specks before my eyes. I saw Foley Kidney Pills advertised and made up my mind to try them. After taking them a few weeks I found my trouble dispelled. The backache stopped and my kidneys were restored to healthy, normal action. I am also free of those tired spells and headaches and my vision is no longer blurred. My recovery is entirely due to Foley Kidney Pills, which I gladly recommend."

Big Junior Agricultural Club Camp

Dear Club Girls and Boys:

Have you ever attended a real live camp, right out in the open country? If you haven't, now is your chance.

We are planning to hold a big camp, lasting one week, beginning on Monday afternoon and ending Friday morning, for club boys and girls in our county. In the morning of each day, all will go to school. There will be, at least, five teachers with some of the most interesting stories to tell that you have ever heard. You will also have a chance to do some things that you have never done before. In the afternoon you will learn many new games and end up with a big camp fire at night. You will have a week of inspiration, recreation and training. There will be one adult leader for each group of ten members so you can assure your parents that you will receive excellent care. Each club member will bring his own supplies, a list of which is given below in this article. If you do not happen to have just what is called for, substitute something else equally as good. If you arrive before noon on Monday, bring your dinner. Bring 50 cents. This is the only fee required and it is necessary to employ the cooks and for other incidental expenses.

Please fill out application card and mail at once, being sure to secure your father's or mother's approval. We are very anxious for all the club girls and boys to have the opportunity of attending this splendid outing and are looking forward to receive your card at the very earliest date in order that you may be placed on the list. The date and place is mentioned below.

Very truly yours,

H. H. Harrison,
County Agent.

Time—August 15-20.

Place—St. Helens.

Equipment and food for each club member attending county camp:

Change of plain clothes. Come prepared for play.

One towel, cake of soap, mirror.

One pillow slip, sheet and cover.

Tooth brush, comb and brush.

One empty straw tick or two feed sacks sewn together.

One knife, one fork, one spoon.

One tin plate, one drinking cup.

One oilcloth bag or heavy paper bag or flour sack (to keep the plate, knife, etc.)

One pound of salted meat

One dozen eggs

One pound soup beans

One-half pound of rice

One head of cabbage

12 ripe tomatoes or one can

18 potatoes

1-2 chicken (two club members bring one live chicken)

1-2 pound butter

1 pound raisins

1-2 pound butter

2 quarts of snap beans ready for cooking

1-2 dozen ears of corn

1-2 dozen onions

1 pint syrup or molasses

1-2 pound sugar

1 quart corn meal

4 young beets

1-2 pound cheese

1 glass of jam or jelly

1 dozen pickles

1 can condensed milk

Note book and pencil.

Select things you can best take from above list.

At the Forty-Year Post

Men and women in middle age have more or less kidney trouble and experience bladder irritations, dull headaches, weariness, lameness and rheumatic pains. Foley Kidney Pills tone up and strengthen the kidneys and bladder and gives freedom from pain a better appetite and unbroken sleep. Sherman Robbins & Sons local agents.

Resolutions of Respect.

Southern Star Council, No. 21, Daughters of America.

The Grand Architect of the Universe has visited our Lodge and taken from us our sister, Mary B. Pettit. She was a devoted and loving sister in our midst, and will be sadly missed in our fraternal circle.

We extend our sympathy to the bereaved family and sight them to the One above, who doeth all things well.

Resolved: That one of these be sent to the family, one be put on the minutes of the Council and one to the Clay City Times.
